**c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.**

D-Scope Integrated Video and Image Sharing System (IVISS) is a Commercial-of-the-Shelf (COTS) system. The purpose of this system is to aid healthcare providers in recording and diagnosing illnesses within Patients by recording video and voice. The application collects the first name, last name and date of birth of the patients. Each video and picture can have keywords attached as a filtering mechanism, which may include diagnosis.

D-Scope IVISS does not use a mobile application. Primary hardware consists of a workstation and a server. Primary software consists of Microsoft Windows Server 2016, PostGRE SQL Server, Microsoft Internet Information Services (IIS) and proprietary 3rd party software.

The collected Personally Identifiable Information (PII) includes name, date of birth and medical record number for the patient. The system will be used for anyone who is eligible for care within the Military Health System (MHS), including active duty personnel, retirees, and dependents.

CyberLOG is responsible for the Risk Management Framework (RMF) process, and gaining an approval from the Defense Health Agency J6 Risk Management Executive Division (DHA J6 RMED). Local sites are responsible for day to day operations, maintenance, and management of the system. Sites are responsible for ensuring AeroDR is configured to meet CyberLOG and RMED approved configurations. Military Treatment Facilities (MTF) own and manage the system, and MTF clinical personnel use the system on a regular basis.

**d. Why is the PII collected and/or what is the intended use of the PII?** (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

The PII is collected and used for the purpose of verifying identity of patients, data collection, treatment plans, and for patient care throughout the MHS.

**e. Do individuals have the opportunity to object to the collection of their PII?**  Yes  No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

Individuals do not have the opportunity to object to the collection of their PII as D-Scope IVISS is not the initial point of collection.

**f. Do individuals have the opportunity to consent to the specific uses of their PII?**  Yes  No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

Individuals do not have the opportunity to consent to the specific uses of their PII because D-Scope IVISS is not the initial point of collection.

**g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided.** (Check as appropriate and provide the actual wording.)

- Privacy Act Statement
- Privacy Advisory
- Not Applicable

D-Scope IVISS does not collect PII directly from individuals. Therefore, no Privacy Act Statement or Privacy Advisory is required.

**h. With whom will the PII be shared through data/system exchange, both within your DoD Component and outside your Component?** (Check all that apply)

- Within the DoD Component Specify.
- Other DoD Components (i.e. Army, Navy, Air Force) Specify.
- Other Federal Agencies (i.e. Veteran's Affairs, Energy, State) Specify.

**k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?**

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

- Yes
- No

If "Yes," enter SORN System Identifier

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dpcl.d.defense.gov/Privacy/SORNs/>  
or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

Records are not maintained in the system where the record is retrieved by the individual's name, number or unique identifier.

**I. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?**

**m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.**

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.

(2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).

(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.
