PRIVACY IMPACT ASSESSMENT (PIA) PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use. and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system. 1. DOD INFORMATION SYSTEM/ELECTRONIC COLLECTION NAME: US Army Aeromedical Research Laboratory (USAARL) Standalone Network 2. DOD COMPONENT NAME: 3. PIA APPROVAL DATE: 06/07/24 Defense Health Agency MRDC SECTION 1: PII DESCRIPTION SUMMARY (FOR PUBLIC RELEASE) a. The PII is: (Check one. Note: Federal contractors, military family members, and foreign nationals are included in general public.) From members of the general public From Federal employees **x** from both members of the general public and Federal employees Not Collected (if checked proceed to Section 4) b. The PII is in a: (Check one.) New Electronic Collection New DoD Information System **Existing Electronic Collection** Existing DoD Information System X Significantly Modified DoD Information System c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system. The U. Army Aeromedical Research Laboratory (USAARL) Standalone Network (SIS-T3) enables researchers to conduct injury research that directly impacts the Service Member's lethality, survivability, and protection. These research studies assess the effectiveness of the war-fighter protective equipment with the ultimate goal of improving and sustaining war-fighter health and performance. This network provides researchers with a platform for the rapid collection, archival, and analysis of vast amounts of engineering and biomedical data generated during research studies. The PII maintained in the system includes demographic data, military records, contact information, photographs and videos, and medical information. The categories of individuals with records in the USAARL Standalone Network are Uniformed Service Members, DoD Civilians, and Federal Contractors. d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use) The collected PII is used for mission-related purposes to support the organization's administrative and research endeavors; for identification purposes to match research subjects with their records and report requirements. e. Do individuals have the opportunity to object to the collection of their PII? Yes X No (1) If "Yes," describe the method by which individuals can object to the collection of PII. (2) If "No," state the reason why individuals cannot object to the collection of PII. This standalone network is not the initial collection of the PII. The PII is obtained from other DoD information systems, records, and reports. f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes X No (1) If "Yes," describe the method by which individuals can give or withhold their consent. (2) If "No," state the reason why individuals cannot give or withhold their consent.

This standalone network is not the initial collection, PII is obtained from other DoD information systems, records, and reports.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

PII obtained from systems, records, and reports is manually entered in the standalone network by the researchers.		
k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?		
A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.		
If "Yes," enter SORN System Identifier		
SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or http://dpcld.defense.gov/ Privacy/SORNs/ or		
If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date		
If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.		
I. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?		
(1) NARA Job Number or General Records Schedule Authority.	ot Applicabl	e
(2) If pending, provide the date the SF-115 was submitted to NARA.		

(3) Retention Instructions.
The LAN/Enclave itself does not have a NARA approved, pending, or GRS authority and retention instructions applied as a whole. Refer to NARA approved, pending, or GRS authority and retention instruction specific to the systems, applications, electronic collections, file servers, and share drives contained within the LAN/Enclave.
m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statue or Executive Order.
 If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar. If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).
(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.
(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.
(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.
