PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

Collected in the system. The Martin Army Community Hospital (ACH) - Ft. Moore Medical Community of Interest (MedCOI) consists of hardware, software, and telecommunications systems. The MedCOI includes user interfaces such as workstations and laptops, hosting medical systems and applications. Commercial-Off-The-Shelf (COTS) applications including Microsoft Word Excel, PowerPoint, and Outlook are utilized to provide administrative support. Personally Identifiable Information (PII) may be collected, maintained, processed, or disseminated by systems and applications within the MedCOI or documents stored on file servers and shared drives. PII includes employee and beneficiary contact information, military information, demographic information, Social Security Number (SSN), and Protected Health Information (PHI). PII processed on some system components, applications, and documents utilize specific administrative, physical, and technical security controls to protect PII confidentiality and which may be addressed in separate Privacy Impact Assessments (PIA)s. Such PIAs are available at: https://dodcio.defense.gov/In-the-News/Privacy-Impact-Assessments/. The Martin ACH - Ft. Moore MedCOI includes system components, applications, electronic collections, and medical devices which have their own Privacy Impact Assessments in place. Martin ACH - Ft Moore IMD will ensure required DD 2930s unique to our location are submitted.				
d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use,				
The purpose and intended use of collected PII is specific to a system component and is addressed in the sub-system's PIA.				
e. Do individuals have the opportunity to object to the collection of their PII? Yes X No				
(1) If "Yes," describe the method by which individuals can object to the collection of PII.				
(2) If "No," state the reason why individuals cannot object to the collection of	PII.
