# Elective Cosmetic Surgery Policy

- Per HA Policy 05-020, “Policy for Cosmetic Surgery Procedures in the Military Health System” (25 Oct 2005):
  - Cosmetic Surgery – “Any **elective** plastic surgery performed to **reshape normal structures** of the body in order to **improve the patient’s appearance or self-esteem.**”
  - Reconstructive Surgery – “Any plastic surgery performed on **abnormal structures** of the body which are caused by congenital defects, developmental abnormalities, trauma, infection, tumors, or disease. Reconstructive surgery is **generally performed to improve function** but may also be done to approximate a normal appearance.”

# Elective Cosmetic Surgery Policy, cont'd

- Elective cosmetic surgery is not a TRICARE covered benefit.
- *However*, DoD Health Affairs Policy 05-020 authorizes elective cosmetic surgery in military treatment facilities (MTFs) to “support graduate medical education, board eligibility and certification, and skill maintenance for certified specialists.”
- Services are provided on a “space available” basis and limited to:
  - TRICARE-eligible beneficiaries (including TRICARE for Life) who will not lose eligibility for at least 6 months.
  - Active-duty personnel who have written permission from their unit commander.
- **All patients** are fully responsible for surgical fees, applicable institutional and anesthesia charges, as well as the cost of all implants, cosmetic injectables, and other separately billable items associated with elective cosmetic procedures. Patients may also be responsible for follow up care.

1) **Advance Payment Required:** Elective cosmetic procedures are not TRICARE covered benefits. I acknowledge and accept responsibility for all charges associated with the above listed procedure(s) including applicable professional, facility, and anesthesia fees plus the cost of any implants, pharmaceuticals, and other separately billable items provided by the MTF. I agree to pay estimated charges, in full, for all elective cosmetic procedures prior to receiving treatment.

2) **Prices Subject to Change:** Rates for elective cosmetic procedures are updated periodically by the Assistant Secretary of Defense for Health Affairs. I understand that estimated charges are based on Department of Defense (DoD) rates applicable at the time of payment. Rates cannot be guaranteed until estimated charges have been paid in full.

3) **Additional Charges May Apply:** I acknowledge that the initial amount paid may not constitute payment in full. There may be additional charges for ancillary services, as well as unforeseen, but necessary, procedures undertaken during the procedure. I understand these charges are not factored into the initial estimate but will be added upon computation of the final bill. I agree to remit payment for any additional charges within thirty (30) calendar days after presentation of the final bill or, pursuant to the Debt Collection Act of 1982 and Debt Collection Improvement Act of 1996, I will incur additional interest and/or administrative charges.

- 1) **Advance Payment Required**  
Estimated charges must be paid, in full, prior to receiving treatment.
- 2) **Prices Subject to Change**  
Rates are not guaranteed until estimated charges have been paid in full.
- 3) **Additional Charges May Apply**  
There may be additional charges for ancillary services, as well as unforeseen, but necessary, procedures undertaken during the procedure.
- 4) **Global Periods**  
Postoperative visits that are unrelated to the original procedure, or that occur after the global period has expired, will incur additional charges.
- 5) **Refunds**  
Refunds are processed for procedures not performed.
- 6) **Follow-up Care**  
Follow-up care is not guaranteed in an MTF and in accordance with TRICARE Policy Manual Chapter 4, Section 1.1, complications of cosmetic surgery procedures are excluded from coverage.

# Elective Cosmetic Procedures

---

- Only procedures included in the Cosmetic Surgery (CS) superbill can potentially be performed as elective cosmetic procedures.
  - Procedures may be performed as medically necessary if documented as such.
  - Medically necessary procedures are not priced in the CSE.
- Many procedures are added to the superbill because of feedback from the field.
  - If you have any suggested elective cosmetic procedures, contact the DHA UBO Helpdesk at [UBO.Helpdesk@intellectsolutions.com](mailto:UBO.Helpdesk@intellectsolutions.com)
  - DHA review and approval is necessary.

UNCLASSIFIED

*Medically Ready Force... Ready Medical Force*

# Elective Cosmetic Surgery Rates

- The DHA UBO Program Office is responsible for providing current rates for elective cosmetic procedures in the Military Health System (MHS).
- The DHA UBO Cosmetic Surgery Estimator (CSE) calculates charges for elective cosmetic procedures.
  - Factors in all potential procedure costs, including professional, facility, anesthesia professional fees, and the cost of implants and pharmaceuticals.
- Rates used in the CSE are updated annually and are based on what TRICARE will allow.
- Proposed release and effective date is **August 1, 2022**.

# Ambulatory Procedure Visit Rate

- CSE v18 uses the ambulatory procedure visit (APV) rate for institutional cost of a procedure performed in an outpatient setting.
  - Ambulatory Procedure Visit (APVs)
    - ✓ Ambulatory Procedure Visit (APV) -A procedure or surgical intervention that requires preprocedural care, an actual procedure to be performed, and immediate post-procedure care as directed by a qualified health care provider. Minor procedures that are performed in an outpatient clinic setting that does not require post-procedure care by a medical professional are not considered APVs. The nature of the procedure and the medical status of the patient combine as a short-term care requirement, but not for inpatient care. These procedures are appropriate for all types of patients (e.g., obstetrical, surgical and non-surgical including cosmetic) who by virtue of the procedure or anesthesia require post-procedure care and/or monitoring by medical personnel.
  - This applies only to procedures that require use of a surgery room.

UNCLASSIFIED

*Medically Ready Force... Ready Medical Force*

# Pharmaceutical Fees

- Pharmaceutical prices pre-populated for: Botox®, Dysport®, and Xeomin®
  - Botox® CY 2022 TRICARE Allowable Price: \$6.19/unit
  - Dysport® CY 2022 TRICARE Allowable Price: \$1.68/unit
  - Xeomin® CY 2022 TRICARE Allowable Price: \$5.06/unit
- Ability to override the pre-populated prices if the local MTF pharmacy provides a price for the pharmaceutical.
- Unit price needs to be populated for fillers/injectables based on MTF's cost.
