

Learning Update

MARCH 2018

About the Learning Update

The Learning Update delivers an upcoming schedule of Department of Defense Patient Safety Program (DoD PSP) and other patient safety activities, tools and resources to help you increase your patient safety knowledge and skills.

Please note that information about patient safety activities are continuously updated. Check out the [Calendar of Events](#) on the DoD PSP web site to get the latest details and confirm information provided here.

Patient Safety On-Demand eLearning Courses

Instructor-led or self-paced online learning sessions focused on a specific product

On-Demand eLearning: Patient Safety Reporting System v1.01 eLearning Course

This course introduces basic navigation and functionality features of the JPSR system and the roles of system users, such as event reporters, event handlers and investigators. The course can be accessed through MHS Learn.

Mindfulness and Patient Safety – Institute for Healthcare Improvement (IHI)

March 8, 2018 from 2-3 p.m. EST

As stress-reduction and other health benefits of mindfulness become better known, clinicians are discovering that they too, need new ways to deal with stress...often on the fly. Practicing mindfulness can be restorative in the middle of a hectic day, create mental space to be more tuned into patients, and reduce the likelihood of medical errors. What does "practicing mindfulness" look like, concretely? Join us to learn from two leading experts on mindfulness and the health care workforce.

Speakers:

- Kate FitzPatrick, DNP, RN, ACNP, NEA-BC, FAAN, chief nursing officer, University of Vermont Medical Center
- Teri Pipe, PhD, RN, dean, College of Nursing and Health Innovation and Chief Wellbeing Officer, Arizona State University
