

OEND Leadership Questionnaire

Take a minute to think about which leader(s) at your clinic, department, or Military Treatment Facility (MTF) will be instrumental in helping you plan your training. Feel free to fill out the following:

1. Who do you need to involve to ensure the success of your training?

2. How do they prefer to be engaged?

3. What can you do to make their involvement simple and easy?

4. What approvals, if any, are needed?

5. What are some obstacles with which you could use leadership help?
