

What's all the **BUZZ** About?

BUG WEEK

MILITARY HEALTH SYSTEM

The Military Health System is celebrating Bug Week to educate beneficiaries and stakeholders about bug-borne illnesses they may encounter at home – both inside and outside – during leisure activities involving outdoor travel, and at forward-deployed military operational sites.

Visit www.Health.mil/Bugs and follow [@MilitaryHealth](https://twitter.com/MilitaryHealth) and [@TRICARE](https://twitter.com/TRICARE) all week long to stay informed and join the conversation!

#BugWeek
