The Walter Reed Army Institute of Research (WRAIR) Medical Community of Interest (MedCOI) consists of hardware, software, and telecommunications systems providing network security and network data transport services (wide area network communications) for DHA systems. The MedCOI includes user interfaces such as workstations and laptops, hosting medical systems and applications. Commercial-Off-The-Shelf (COTS) applications including Microsoft Word Excel, PowerPoint, and Outlook are utilized to provide administrative support. WRAIR Shared File System, shares and stores information for collaboration purposes. Data communications to or from any DHA application that involves the MedCOI system are subject to data security monitoring and inspection including, but not limited to, Personally Identifiable Information (PII) data (excluding content of privileged communications).

Personally Identifiable Information (PII) may be collected, maintained, processed, or disseminated by systems and applications within the Information System (IS) Enclave. PII includes employee and beneficiary contact, military, and demographic information, emergency contact notification rosters, recall rosters, and other documents related to personnel management operations. Each Department within the organization, manages its own content and the data owners determine the type and amount of PII in this shared file system.

Categories of individuals about whom the Personally Identifiable Information (PII) is collected from include: active-duty military (all services + Reserve), Coast Guard, National Guard, veterans, dependents, retirees and/or their dependents, contractors, foreign nationals.

The WRAIR MedCOI includes system components, applications, electronic collections, and medical devices which have their own Privacy Impact Assessments in place and will ensure required DD 2930s unique to our location are submitted.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

PII is collected for identification purposes to match personnel with their records and reports. The intended use of the PII collected is for administrative and mission-related purposes to support personnel management operations.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

The opportunity for individuals to object to the collection of PII is presented by the DHA application the user is interacting with.

f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

The opportunity for individuals to consent to the specific uses of their PII is presented by the DHA application the user is interacting with.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

Privacy Act Statement Privacy Advisory Not Applicable

The MEDCOI infrastructure does not collect PII directly from individuals; however, system components, applications, and electronic collections within the enclave might collect PII; This system is not the initial point of collection for the PII. The PII is obtained from existing personnel records and reports.

h. With whom will the PII be shared through data/system exchange, both within your DoD Component and outside your Component? (Check all that apply)

- Within the DoD Component Specify.
- Other DoD Components (i.e. Army, Navy, Air Force) Specify.
- Other Federal Agencies (i.e. Veteran's Affairs, Energy, State) Specify.
- State and Local Agencies Specify.
- Contractor (Name of contractor and describe the language in the contract that safeguards PII. Include whether FAR privacy clauses, i.e., 52.224-1, Privacy Act Notification, 52.224-2, Privacy Act, and FAR 39.105 are included in the contract.) Specify.
- Other (e.g., commercial providers, colleges). Specify.

i. Source of the PII collected is: (Check all that apply and list all information systems if applicable)

- Individuals Databases
- Existing DoD Information Systems Commercial Systems
- Other Federal Information Systems

The source of the PII collected is specific to the information system component and is addressed in the sub-system's PIA. The PII is obtained from existing personnel records and reports.
